CLEANING INFORMATION

WS: Water/Solvent Cleaner – Spot clean, with a mild solvent, an upholstery shampoo, or the foam from a mild detergent. When using a solvent or dry cleaning product, follow instructions carefully and clean only in a well-ventilated room. Avoid any product that contains carbon tetrachloride or other toxic materials. With either method, pretest a small area before proceeding.

W: Water-Based Cleaner – Spot clean, using the foam only from a water-based cleaning agent, such as a mild detergent or non-solvent upholstery shampoo product. Apply foam with a soft brush in a circular motion. Vacuum when dry. Pretest small area before proceeding.

Bleach Cleanable - 1 part bleach, 9 parts water = 10% bleach, 90% water solution. Always rinse promptly with clean water after applying the bleach solution.

For detailed care and cleaning information for each pattern, please refer to the Mayer Fabrics website or contact customer service.
