Dear Valued Customer,

We are proud to present the 9th annual Maryland Correctional Enterprises (MCE) catalog, a comprehensive listing of our quality products and services. This catalog is designed with you, our customer, in mind and offers an easy to use method to select and purchase the items necessary to compliment your office, work space or any business need.

As the prison industry arm of the Department of Public Safety and Correctional Services (DPSCS), MCE consists of 30 plus business units located at correctional facilities across the state. While working to produce exceptional products and services, MCE also provides inmates with much needed job skill training. Unlike other vendors in the manufacturing industry, our mission is to teach our inmate employees strong work ethic, increased responsibility and self-esteem to create positive personal change. Our programs produce significantly reduced recidivism rates, which ultimately contribute to more productive citizens and safer communities.

In order to increase the amount of training offered to our offender population, MCE is dedicated to manufacturing superior products at affordable prices while providing excellent customer service. Our product line varies widely to meet a full range of business requirements and features furniture for offices, reception areas, libraries, dorms, lounges and outdoor settings. Additional products and services include furniture restoration, food products, office supplies, apparel, cleaning products, mailing and distribution, data entry, warehousing, moving, laundry, printing and remanufactured toners.

MCE is committed to helping you find the perfect solution for your business needs. Our Account and Customer Service Representatives are available to assist you in the selection process and our in-house Design and Installation team is ready to help with the layout, design and set-up of your furniture purchases.

We hope you enjoy this year's edition of the MCE catalog. Please visit our e-commerce website, www.mce.md.gov, to receive our latest news and updates. Orders can also be placed online or by phone, fax or email. We offer a variety of payment methods to accommodate your needs. Sample upholstery, panel, apparel fabric colors and furniture color and hardware selections can be found online.

Your continued support of Maryland's premier rehabilitative program is greatly appreciated. We look forward to working with you to help you achieve your business goals.

Thanks again for you patronage. Always let us know whenever we can be of service.

Sincerely,

STATE OF MARYLAND

Improving Quality of Life With Products You Can Trust

In this catalog, you will find a large assortment of environmentally-friendly, high quality products and services. MCE has strategically partnered with suppliers who support our vision by contributing their experience and knowledge. Incorporating sustainable fabrics and design elements which utilize recycled and recyclable materials, ergonomic benefits and superior service life, enables us to keep striving towards reducing our carbon footprint.

We can help you meet industry recognized certifications such as LEED (Leadership in Energy and Environmental Design) and SCS (Scientific Certification Systems), as well as comply with EPP (Environmentally Preferred Product), FSC (Forest Stewardship Council), SFI (Sustainable Forest Initiative), Green Seal and other sustainability programs.

Environmentally Preferred Purchasing (EPP)

All State Agencies have been tasked with reporting the use of recycled content in purchases.

EPP is documented in the Maryland Green Purchasing Guidelines developed to meet the Green Maryland Act of 2010 enacted in the Annotated Code of Maryland Chapter 593 (Senate Bill 693).

We want to help you make both purchasing and reporting easier. Almost all of our products have EPP qualities and are manufactured with recycled materials wherever possible. MCE is continually striving to reduce our negative impact to the environment with new and innovative practices and procedures.

To help identify these Environmentally Preferred Products visit our website at www.mce.md.gov/Environment/Buy Green Purchasing.

Your purchases from MCE will help support our **"Learning for Life"** core principles.

Our programs are designed to provide social responsibility to our employees and inmate workforce with education and training to care for our natural resources. It is also about moving forward to help build a mutually sustainable future that generations can enjoy.

LED TASK LIGHT

This low profile task light is low on energy consumption - using half the energy of its flourescent counterpart. One button operation makes using the light a snap. A clever energy-saving feature of the task light is the optional sensor that automatically turns the light on to the preset level when it detects the presence of an occupant. Multiple lights can be interconnected and fed by a single 60 Watt power supply. Lights can be mounted beneath overheads and provide a more natural light. 17" L

LED TASK LIGHT

This low profile task light is low on energy consumption - using half the energy of its flourescent counterpart. One button operation makes using the light a snap. A clever energy-saving feature of the task light is the optional sensor that automatically turns the light on to the preset level when it detects the presence of an occupant. Multiple lights can be interconnected and fed by a single 60 Watt power supply. Lights can be mounted beneath overheads and provide a more natural light. 17" L
