

Light The Way To Green Technology With LED Task Lighting

For a truly bright idea,
look no further than our LED task lights

These energy efficient lights can be mounted beneath overheads and shelves like their traditional fluorescent counterparts, but consume half the energy and provide a warm-toned, more natural light. One button operation makes using the light a snap. LED lights are available in 19" only.

BENEFITS

- Long Life Cycle - 50,000 hours
(20 to 25 years of typical use)
- No maintenance cost
- Made in the USA
- Reduced workstation electrical requirements
- "Green"
 - a. Uses 40 - 75% less energy than comparable T5 fluorescent fixture
 - b. High recycled material content
 - c. Easy to recycle at end of use
 - d. No fluorescent tubes to worry about

FEATURES

- Universal design across product line
- Daisy-Chain up to 9 lights from a single power source
- Variable intensity set to each user's preference
- Low profile
- More flexible for different applications
- Easy attachment to multiple surfaces
 - a. Magnetic (metallic surfaces)
 - b. Screw Clips (wood surfaces)

Energy Efficient and Cost Saving

Magnetic and screw mounting options are available making installation on metal overheads or wooden casegoods equally easy.

End caps provide cord management when lights mount beneath casegoods.

Holding power switch activates the dimmer. Releasing the switch sets it at the desired level.

Consume half the energy than their fluorescent counterparts.

Up to nine lights can be interconnected and fed by a single power supply.

For customers that deserve the best in value and customer service, Maryland Correctional Enterprises has an extensive selection of quality products and services to help your agency or business reach its full potential - all while staying within your budget.
