Design Services Clause

Approval of Design Specifications

The Customer's signature on any drawings, quotes, purchase orders, or credit cards constitutes confirmation that MCE's design team has thoroughly explained all details contained therein, and that the Customer fully understands and approves all specifications, including but not limited to furniture components (e.g., heights, widths, and color selections), electrical requirements (e.g., power and data in-feed locations), and the placement of all furniture and fixtures as depicted in the drawings. The Customer further verifies that the drawings accurately account for all site-specific elements, including windows, columns, thermostats, HVAC systems, light switches, alarms, and other obstructions.

Customer Responsibility for Site Verification

- **No Site Visit Conducted** – If a site visit was not requested or performed by MCE, the Customer assumes full responsibility for verifying all site conditions, including but not limited to wall, door, column, window, and ceiling locations, to ensure the furniture and layouts specified in the Design Services will fit properly. The Customer must notify MCE in writing of any obstructions (e.g., thermostats, light switches, alarms, HVAC systems) that may interfere with the furniture placement or installation prior to the commencement of installation. Failure to provide such notification will render the Customer solely responsible for any additional product costs, modifications, or installation charges resulting from such obstructions.
- **Site Under Construction or Modified Post-Site Visit** – If the site was under construction at the time of any MCE site visit, or if any changes to the site (e.g., construction, renovations, or relocations of walls, doors, columns, windows, or other features) occurred after an MCE site visit, the Customer remains responsible for verifying all site conditions and notifying MCE of any changes or obstructions as described above. Any additional costs arising from unnotified changes will be borne by the Customer.
- **Ceiling Grid or Top Feed Obstructions** – If a ceiling grid plan or other documentation was not available during an MCE site visit, the Customer is responsible for identifying and notifying MCE of any ceiling obstructions that may prohibit or affect top feed locations for electrical or data connections. Any adjustments to top feed placement required during installation, including additional products or labor, will be at the Customer's expense.

Third-Party Coordination

The Customer is responsible for coordinating and any costs associated with networking, data, or electrical associated with the project. Electrical installers are also to review all furniture and electrical plans provided by MCE prior to furniture installation. The Customer shall ensure that all rewiring and hard-wire connections from top or base feeds to building power sources are performed by a Certified Electrician in compliance with all applicable codes and regulations. MCE shall not be liable for any delays, costs, or damages resulting from the Customer's failure to coordinate with third-party installers or ensure compliance with such requirements.

- **Changes to Approved Designs** – Any changes to the site conditions, furniture placement, or specifications (e.g., alterations in shape, size, or location of furniture, fixtures, or obstructions) that deviate from the signed and approved drawings are the sole responsibility of the Customer. The Customer shall bear all costs associated with such changes, including but not limited to additional products, modifications, labor, or installation charges.
- **Limitation of Liability** – MCE shall not be liable for any errors, omissions, or discrepancies in the Design Services resulting from inaccurate or incomplete information provided by the Customer, unnotified site changes, or the Customer's failure to verify site conditions or coordinate with third-party installers. The Customer acknowledges that MCE's Design Services are based solely on the information and site conditions provided or verified by the Customer at the time of design.
- **Indemnification** – The Customer agrees to indemnify, defend, and hold harmless MCE, its affiliates, and their respective officers, employees, and agents from any claims, damages, losses, or liabilities arising from the Customer's failure to comply with the obligations set forth in this clause, including but not limited to unnotified site changes, failure to verify site conditions, or improper coordination with third-party installers.

This clause constitutes the entire agreement between MCE and the Customer with respect to the responsibilities and liabilities related to Design Services and supersedes any prior representations or agreements, whether written or oral. By signing any drawings, quotes, purchase orders, or credit card submissions the Customer acknowledges their understanding and acceptance of these terms.

MCE reserves the right to extend any Warranty terms at our discretion. These Terms, Conditions, Rights and Warranties may change from time to time. Refer to our website mce.md.gov, for the most current information.
