Failure to provide such notification will render the Customer solely responsible for any additional product costs, modifications, or installation charges resulting from such obstructions.

- **Site Under Construction or Modified Post-Site Visit** — If the site was under construction at the time of any MCE site visit, or if any changes to the site (e.g., construction, renovations, or relocations of walls, doors, columns, windows, or other features) occurred after an MCE site visit, the Customer remains responsible for verifying all site conditions and notifying MCE of any changes or obstructions as described above. Any additional costs arising from unnotified changes will be borne by the Customer.

Any adjustments to top feed placement required during installation, including additional products or labor, will be at the Customer's expense.

Third-Party Coordination

The Customer is responsible for coordinating and any costs associated with networking, data, or electrical associated with the project. Electrical installers are also to review all furniture and electrical plans provided by MCE prior to furniture installation. MCE shall not be liable for any delays, costs, or damages resulting from the Customer's failure to coordinate with third-party installers or ensure compliance with such requirements.

- **Changes to Approved Designs** — Any changes to the site conditions, furniture placement, or specifications (e.g., alterations in shape, size, or location of furniture, fixtures, or obstructions) that deviate from the signed and approved drawings are the sole responsibility of the Customer. The Customer shall bear all costs associated with such changes, including but not limited to additional products, modifications, labor, or installation charges.
